1. Attached is a package of Forms 2018a on DD/I personnel for whom various type clearances have been requested. All of these requests emanated from . They are similar in that all requests seem to be based on the notion that these people support in some way the work of COMOR or its working committees. They are alike also in the meagerness in the justifications provided and in the lack of selectivity that seems to be operating and motivating the requests.

2. I have been advised by the Chief, Security Staff, that historically, certain problems have existed regarding the granting of security access approvals to members of the Collection Guidance Staff of the DD/I and to some extent with representatives of ORR who support COMOR activities. This being the case I have chosen to forward the Forms 2018a, with my concurrence indicated, should it be felt on the DD/S&T level that these requests must be honored with dispatch. On the other hand, I want to have it noted through this memorandum that OSA does not consider justifications of the type provided here as adequate; and that, if at all possible, this issue should be raised with the appropriate people in the DD/I including perhaps
